Westminster Place at Stewartstown would like to join you in celebrating Labor Day. All Community Management Offices will be closed Monday, September 5th in observance of the holiday. For your convenience the office will be open Wednesday, September 7th.

Grandparents can be named Grandma or Grandpa, Nana or Papa, Nanny or Pappy or many other names. Whatever their name, they are all very special. A very special day has been set aside for them.
HAPPY GRANDPARENTS DAY!!!
SUNDAY, SEPTEMBER 11, 2011

Green Gene Says:

Water, Water Everywhere

We each use about 12,000 gallons of water each year and 3/4 of all water that is used is in the bathroom. Take shorter showers to conserve water!

Resident's Association Meeting!!

The next Resident's Association meeting is scheduled to be held Wednesday, September 7th beginning at 11:00 a.m. in the Community Room. Please come to the meeting and help us plan activities for the remainder of the year. There will be a potluck lunch immediately following. See you there!

A FEW KITCHEN FIRE SAFETY REMINDERS

- **Never leave cooking unattended.** If you must leave the kitchen for some reason, turn the heat off and take something with you, perhaps a dish towel or hot pad holder, to remind you that you have something cooking. Shield yourself from steam when uncovering food, especially microwave servings. Steam can cause serious burns.
- Keep items that burn away from the cooking area & appliances in your kitchen.
- Clean any grease build-up from the stove, oven & exhaust fan regularly. Cooking grease and oil ignite easily & burn rapidly.
- Avoid reaching over the stove for anything while cooking. Store frequently needed items in other areas of the kitchen.
- Keep pot handles turned inward.
- Keep appliance cords unplugged when not in use and keep them clean and dry. Be sure to check your electrical cords regularly to make sure they are not frayed or cracked.
- Dress for fire safety in the kitchen. Do not wear loose fitting clothing, light nightgowns or bathrobes while cooking. Oversized or long, draping clothes can easily brush against a hot burner and catch fire.
- Avoid using the oven handle as a towel bar. A towel can accumulate grease and oils and become flammable.

Fall Inspection

Although we hate to admit it, summer is on its way out! It is time to prepare our homes for the upcoming fall and winter season. We will be scheduling a visit to your apartment to change your air filter, inspect your heating unit, check your smoke detector, and inspect for leaks. A notice will be posted near the mailboxes and delivered to your door with the scheduled date and time.

FOR PETS ONLY:

To all the pets that live in our community: please be sure to stay on your leash at all times when you are out of your apartment. Please make sure your caretaker cleans up after you and disposes of any waste properly. We welcome you to enjoy the outside designated area and your apartment. Please remember the common areas of the building such as the laundry room, community room, fitness room, etc. are for humans only.
